

# Risk Management Summer Course

23 June – 4 July 2025, at Delft University of Technology

The world of risk professionals, consultants and managers is constantly in flux. Due to environmental, social and governance (ESG) challenges, cyber threats and other emerging risks, those working in the field need to keep their radar on for any changes, to differentiate themselves from the pack.

Celebrating its 11th run in 2025, this [OSPA-award winning Risk Management Summer Course](#) will get you up to speed in a practical way with the recent developments in risk management, regardless of your industry and background. The topics are covered across four modules, with each module extending over a period of 2.5 to 3 days:

**Module 1: Risk Management** (23 to 25 June, 3 days)

**Module 2: Business Continuity** (25 to 27 June, 2.5 days)

**Module 3: Information Security Management** (30 June to 2 July, 3 days)

**Module 4: Crisis Management** (2 to 4 July, 2.5 days)

## Course Leaders and Key Facilitators

### Prof. Sicco Santema

Sicco Santema is a professor at the Faculty of Industrial Design Engineering at Delft University of Technology and a seasoned entrepreneur. He is fascinated by 'technology for people', i.e. innovations that help people and organisations move forward in life, in health and in achieving goals. Sicco has over 30 years of experience in risk management, both in industry and academia.

### Rinske Geerlings

Rinske is a multi-award winning, internationally known consultant, speaker and certified Business Continuity Management (BCM), Information Security and Risk Management trainer. She was awarded Risk Consultant of the Year 2017 (RMIA/Australasia), Outstanding Security Consultant 2019 Finalist (OSPAs) and Australian Women in Security Awards Finalist 2022. Rinske draws on more than 25 years' experience gained during roles across Australasia, Africa, Europe and South America. She holds, amongst others, the ISO 22301, ISO 31000, ISO 27001, ISO 22361, IS 22316, ISO 27032, CBCP, MBCI, ITIL, PRINCE2 and COBIT certifications.
